## EDUCATION

---

### BACHELOR OF SCIENCE IN GAME DESIGN

Full Sail University

2023 - 2025

## PROFILE

---

Aspiring Game Designer with a passion for creating immersive worlds and telling compelling stories through engaging gameplay mechanics. Proficient in Unreal Engine and Maya, with experience prototyping level designs and implementing AI systems. Dedicated to collaboration and teamwork, always striving for excellence in every project. Eager to apply my skills and creativity as a Level Designer in a professional environment, with long-term aspirations of advancing in the field.
